## Air conditioned and pressurised for passenger comfort...

**OWN THE SKY:** The Hawker 400XP's sleek swept wing and Pratt & Whitney engines produces a maximum cruise speed of 861km/hr and direct climb to 41,000ft in just 24 minutes.

**CABIN:** The 400XP has no equal in the light jet category. Its generous vertical squared-oval shape offers unmatched head and shoulder room and the uniquely flat floor makes entering, exiting and mobbing in-flight easy.

**COCKPIT:** The Hawker 400XP's fully integrated Collins pro Line 4 cockpit includes AMF-5000 flight management systems (FMS), GPS, TCAS-II and EPGWS.

## The ideal **Business Jet** option.

- 2 pilots / 8 pax club seating plus enclosed toilet
- Air conditioned and pressurised for passenger comfort
- Range: 3130km
- Cruising speed: 861 km/hr
- Space for you. Space for your luggage. Space to conduct business. Space to relax.
